Nga mihi mahana kia koutou. Warm greetings to you all

It has been wonderful to see the students and staff at M@HW settle in to using the new spaces there. The outside work has been held up but things seem to be on the go again so hopefully we can have our official opening soon.

The Year 8 students currently at M@HW have begun their transition visits to Nayland College with Janie and the Teacher Aides. These visits are going very well, as you will see from the photos in this Newsletter.

We are thinking about getting the Skool Loop App for messages etc. Does anyone have any feedback about this? Please email us at the office what you think - good or bad.

Thanks

Nga mihi

Jenny

Nayland College Visits

Five senior students from Maitai @ HenleyWairua have been on transition visits to Nayland College in preparation for their start at the College next year. We have had a look around but got plenty of work done too. We have a neat courtyard for break times where there are two fabulous mosaic couches to sit on. We have been to the gym which is really exciting so have done some practice for the Special Olympics.

We are all really excited about next year.

On Monday, Mike the Magician came to Base to give us a little "taster" of his show to be held on Saturday 9 November 7pm at Nelson Intermediate.

We really enjoyed his tricks and still can't work out how he did the card one with Andrew or where the dove had been hiding!

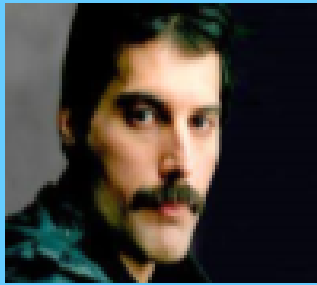

Thanks Mike we enjoyed your show.

November is Movember

This November those of us at Maitai school who can or want to grow a moustache are taking part in Movember. Movember raises money for prostate cancer, men's suicide and mental health. We will be asking for donations to be sent into school during the month of November then at the end of the month we will donate all the proceeds to the Movember organisation. So, if you can, please send in a donation to help support this great cause and watch us grow a beautiful moustache.

Just to give you an idea of where our moustaches are at here are some photos:

(disclosure: this is 5 days growth)

PLEASE HELP US KEEP YOUR YOUNG PEOPLE SAFE

The electronic doors at M@HW are an issue. They close very slowly despite our efforts to get this fixed.

To keep some of our younger (fast) students safe we are going to put a staff member at the door for drop offs and pick ups to let you in and out. At any other time please don't just let yourself in. Please ring the bell and wait for someone to come to the door.

Thank you for your understanding.
